Taraman RT 003/RW 000, Desa Taraman, Kec. Sidoharjo, Kab. Sragen, Jawa Tengah 57281

I am Reza Fahlevi, a versatile tech enthusiast with a strong academic background in Informatics and Natural Sciences (MIPA). I am currently pursuing a Bachelor's degree in Informatics at President University with a GPA of 3.79/4.00. I have a strong interest in UI/UX Design, Full-Stack Development, and Cybersecurity, and I am passionate about building digital solutions that combine intuitive user experience with secure and scalable system architecture. I am also highly interested in emerging technologies such as Artificial Intelligence, Generative AI, and cloud-based security systems.

I am a fast learner who adapts quickly to new technologies and thrives in collaborative environments. Through academic activities, organizational involvement, and practical experience as a UI/UX Designer at GasGawe Indonesia, I have developed skills in user research, wireframing, prototyping, and system thinking. I also actively expand my technical knowledge through certifications in cybersecurity, AI, and cloud security, with a strong focus on problem-solving, logical thinking, and continuous self-improvement in the field of technology.

Data Personal

Place and Date of Birth : Sragen, August 25, 2006
Gender / Status : Male / Single
Religion / Nationality : Muslim / Indonesian
Height / Weight : 180 cm / 98 kg

Education

President University 2024 - Present
Bachelor of Computer Science, Informatics (Cybersecurity) (GPA: 3.79 / 4.00)

Madrasah Aliyah Negeri 1 Pontianak 2021 - 2024
High School Diploma, Natural Sciences And Mathematics (grade: 89.9 / 100)

Experience

President University Developers Club 2024 - Present
Member

- As a Member, I actively contribute to discussions, share ideas, and support other members to achieve our shared goals, creating a positive collaborative environment.

President University Robotics And Technology Club 2024 - Present
Member

- As a Member, I actively participate in community activities, share ideas, and support joint projects to achieve collective goals.

GasGawe Indonesia 2025 - 2026
UI/UX Designer

- As a UI/UX Designer, I design intuitive user interfaces and seamless user experiences, combining research, wireframing, and prototyping to create engaging and functional digital products.

Certificate

- Cybersecurity Literacy Training: Awareness of Social Cyber Attacks, Badan Siber dan Sandi Negara (May 2025)
- Implementasi Keamanan Siber bagi BUMN di AWS (Bahasa Indonesia), Amazon Web Service (AWS) (Aug 2025)
- AWS Security Fundamentals Second Edition (Bahasa Indonesia), Amazon Web Service (AWS) (Aug 2025)
- Introduction to Generative AI - Art of the possible (Bahasa Indonesia), Amazon Web Service (AWS) (Aug 2025)
- Basic Cybersecurity, CODEPOLITAN (Apr 2026)
- AI Productivity and API Integration for Developers, Hacktiv8 Indonesia (Apr 2026)
- Introduction to Large Language Models, IBM (May 2026)
- Intelligent by Design: Build an AI Agent, IBM (May 2026)
- AI Fundamentals, Google (May 2026)

- AI for Brainstorming and Planning, Google (June 2026)
- AI for Research and Insights, Google (June 2026)
- AI for Writing and Communicating, Google (June 2026)
- AI for Content Creation, Google (June 2026)
- AI for Data Analysis, Google (June 2026)
- AI for App Building, Google (June 2026)
- Google AI, Google (June 2026)

Ability

- Able to adapt quickly to new tech stacks and agile environments
- Capable of full-stack development and creating intuitive UI/UX designs
- Able to implement secure systems using cybersecurity principles and AI models
- Able to solve complex problems with strong analytical and logical thinking
- Capable of collaborating effectively within cross-functional team projects.

Skills

- Full - Stack Development
- Generative Ai
- Ethical Hacking
- Digital Forensic
- Teamwork
- User Interface
- User Experience
